Return completed Application to Knox JHS, Wilkerson, or Collins (front desk).

Your child is being considered for a position on next year's Debate Team. This class will prepare the students to compete for competition. Although most of the work is done in class, there may be times the students may have to work before or after school in order to prepare for tournaments. All students taking this class are expected to attend and compete at all the competitions set forth for the school year. If a student misses a tournament the student is required to make-up the competition on their own.

The parents must provide the tournament fees and transportation to and from the tournaments. The parents typically handle communication for carpooling, snacks, supervision for the tournaments, fund raising, or anything else they deem necessary.

These competitions are typically on Saturdays; however, there are a few on Friday and Saturday. Your child is expected to stay through the awards ceremony, even if they have placed out of all the events. In the event that nobody advances, we will leave the tournament early.

It is the debaters/parent's responsibility to check date conflicts prior to getting involved in another activity.

Seventh grade students must commit to a two-year obligation. Please do not apply if you feel you may change your mind before the next school year.

If a student misses a tournament for illness or unforeseen reasons, they are expected to make the tournament up under the guidance of the parent. The tournaments can be found on tabroom.com. The debate coach will have to enter them, but the parent is responsible to take and stay with them at the tournament...no more than one missed tournament a school year.

Your child is expected to meet the level of excellence set forth for the team. If for any reason your child fails to meet the standard expected of them, they will be removed from the team. Your signature below indicates that you approve their participation and support the standards expected of your child while in this year long program.

A teacher recommendation should be sent to jawilson@conroeisd.net.

A parent must be present at the interview.
